To Whom This May Concern:

The City of Montezuma is very concerned about SB 248 passing. As a small city in the state of Kansas we need our sales tax income. In 2019 we had a bond pass to add some very needed amenities to our city and our sales tax income is the way we are able to make those payments on that bond. It not only will affect how we will be able to pay our bond payments but it will also affect our cities yearly budgets.

Without us knowing what this is going to cost us if SB 248 passes, with the obligation of this bond, we are asking the committee to vote No on SB 248.

Thank you,

Grant Salmans
Mayor
City of Montezuma

Warren Wright
City Superintendent
City of Montezuma
