

2012 Kansas Statutes

19-27,131. Same; establishment of improvement and maintenance program; costs. Whenever a storm drainage district has been created under the provisions of this act, the county commissioners shall establish a program for the construction, reconstruction, repair and maintenance of storm sewers and drains for the purpose of carrying off storm water from such district and for the purpose of paying the costs thereof, the governing body of such county may levy a tax and may issue bonds of the county in the manner hereinafter provided.

History: L. 1968, ch. 352, § 3; July 1.
